ABOUT US

Rapunzel's Lice Boutique was founded in 2008 by Sarah Casello-Rees, Michigan's pioneer in non-toxic head lice treatment.

Rapunzel's started as a small mobile operation. The business grew rapidly and opened its first storefront in 2009. Today, Rapunzel's is one of the Leading LouseBuster™ Service Providers in the world and performed over 2900 Lousebuster™ Treatments in 2012.

“I don’t know what I would’ve done without Rapunzel’s! My children and myself all had lice. Rapunzel’s was able to get us in for an appointment right away. They took care of the problem and made me feel confident that the lice was ALL removed. We were able to send the kids back to school the next day and go on vacation the following weekend! The service was worth every penny! Thanks for Rapunzel’s for being in existence and to the hard working staff!!!”
